About Arthritis and Rheumatology South Bay:

Our Board Certified Rheumatologists provide consultative services for the diagnoses and treatment of patients with complex autoimmune disorders, osteoarthritis, osteoporosis and soft tissue conditions. We offer X-rays, lab, MRI and infusion services under one roof.

Our excellent, caring doctors, provide comprehensive care with compassion and integrity, and we put patients above all. We are true patient advocates. We like to educate and empower our patients so we can be partners in their care. We believe it is important for our patients to understand that rheumatological problems are treatable and that patients can continue to have great quality of life.
