

## Shehla Afridi Godbole, Au.D.

### *Audiologist*

Dr. Afridi Godbole has expertise in performing comprehensive developmentally appropriate assessments of the auditory system, and aural rehabilitation. Throughout her training she has built on clinical experience working with children and adults with craniofacial conditions, rare genetic syndromes, oncology monitoring, hearing conservation education, amplification, and research. She is dedicated and passionate about serving both children and adults to maximize their communication potential through an integrated holistic approach.

In her spare time she enjoys spending time with her family and friends, hiking, music, and travel.
